

WELCOME TO "OUR TOWN"

The Newark Museum welcomes you to its exhibition of OUR TOWN. For those who live or work in Newark, its history is a source of pride, its future a source of promise. That this future shall fulfill this promise is of concern to all of us.

Here is a floor plan of the exhibit which will help in reading the story of our city. We hope that your visit will be a pleasant one and will lead to a greater appreciation of Newark, the city with a future.
